

Just imagine the impossible things that we could do in this world if we could all cooperate a little bit more together...

## The World Peace Alliance proposal topics for discussion and reinforcement for global environmental coordination

- A culture of refilling with organic biodegradable packaging, glass, paper, stainless steel or aluminum containers/bottles
- A high carbon tax for the “top 100 companies that pollute 71% of the world’s carbon emissions”\* - reinvest in society
- A circular economy by reusing, repairing and recycling.
- Plantation of more trees and other biological diverse plants International
- Creation of an International standards regulatory body for carbon credits, potential new social inclusion credits and ESGs
- Care of endangered animal species
- Investment in research for new nuclear energy sources, more efficiency in current ones, abundant earth materials for batteries/fuel cells and 100% recycling.
- Rain and atmospheric water capture systems for each new or adapted to current buildings/houses/factories
- Desalination systems for water supply and capture of other abundant metals from seawater avoiding mining the earth
- Nuclear, solar, wind and geothermal energy with electric batteries and hydrogen fuel cells
- Fully electric and hydrogen space, air and land transportation
- Time spent in nature, more green spaces in cities
- Create incentives for population to happily move from big cities to villages and the return to home agriculture
- A super rich tax - to balance and reinvest in a sustainable society
- Induction/electric technologies for hob/ovens and heated water systems
- International resources and waste blockchain monitoring/coordination system backed by quantum machine learning computation
- Biodegradable washing agents, ultrasound washing and biological waste local treatment system
- Environmental participation income system using points for those that recycle or reuse and/or help others to recycle/reuse and take care of nature
- International space cooperation to avoid and reduce space debris
- Philosophy and united spirituality to foster harmony with the planet and Universe
- IoT to support system efficiency
- 3D printing for construction and manufacturing

The logo for World Peace, featuring the words "World" and "Peace" in a blue sans-serif font, with a blue circle containing a white dot in the center, positioned between the two words.

World  Peace
