

The Family of Heaven...

The heaven family is a personal experience with God shared to the brothers and sisters on earth in love, goodness and mercy. This Family of heaven is at hand now to all people from all cultures and from all religions in the world of realizing the higher qualities of spiritual living; these realities of the spirit experience are progressively translated to new and higher levels of divine certainty and eternal grandeur. It is mainly based in the will of the Father and in His loving and wise spirit's guidance of the individual believer.

This is the simple fact that God is our Father and that we are all brothers and sisters. The heavenly family, the heavenly Father, and the liberated sons and daughters of God engage in joyful and voluntary service for their fellow men and women and in the sublime and intelligent worship of God the Father.

No matter what religion you are, you can spiritually speak with God privately or socially with your fellows at any time now as you speak with your earth Father because He is the Father of Fathers, and if you want also with Jesus as an older Brother and also as a Father, because He is a Son like us and also our Creator. Honest and whole hearted prayer makes you spiritually energized and connected in doing the Will of the Father, also give time in silence after speaking with God or prayer in any of your religion so that the holy spirit can "spiritually speak" to your soul. Ask for guidance not for material objectives, He knows how to make you happy more than you do.." The Father knows what your needs are before of even ask Him", the Father spiritually speaks directly to you and the brothers and sisters you find in life can only influence your decisions, the end decision is yours by recognition of the value of divine Love.

By faith, the believer enters the Family now, it is accessible at this very moment that you are reading this. The Family of Heaven is available now in:

1- Faith, sincerity. To come to God as a little child, to receive the bestowal of sonship or daughtership as a gift; to do the Father's will by the recognition of His Love and goodness and in the full confidence and genuine trustfulness of the Father's wisdom; to come into the family free from prejudice and preconception; to be open-minded and teachable like an unspoiled child.

2- Truth hunger. The thirst for righteousness, a change of mind, the acquirement of the motive to be like God and to find God. Regarding sin it was taught that God has forgiven; that we make such forgiveness personally available by the act of forgiving our fellows. When you forgive your brother or sister in the flesh, you thereby create the capacity in your own soul for the reception of the reality of God's forgiveness of your own misdeeds.

The Family of Heaven will bring to all from all religions and cultures:

1. New courage and augmented spiritual power.
2. A message of new confidence and true consolation for all men and women
3. It in itself a new standard of moral values, a new ethical yardstick wherewith to measure human conduct. The base of new fruits to human society.
4. It glorifies spiritual realities and exaltes superhuman ideals.
5. Holds up spiritual attainment as the true goal of living. Human life receiving a new endowment of moral value and divine dignity.
6. Eternal realities are the result (reward) of righteous earthly striving. Man's mortal sojourn on earth acquired new meanings consequent upon the recognition of a noble destiny.
